Subject: Meeting and some new PFECAs for testing
Attachments: New NCSU PFECAs for water work.pptx; Strynar et al., 2015 ES&T.pdf

Sue,

Here are some new chemicals we have acquired in our lab due to work on our own and with Detlef Knappe (see attached PPT file). All of these we have on hand. We also have GenX (C₆H₁₁O₃ CAS # 13252-13-6) from our Cape Fear river paper.

In addition let's set up a tentative meeting for the 17th of August at 10 AM for at least myself to come over and meet with you and catch up. I am cc'ing Andy and Seth in the event they want to tag along.

Mark
